## **DETAILED ACTION**

### ***Election/Restrictions***

1. Applicant's election with traverse of Group I, claims 1-7 and 22 in the reply filed on July 15, 2005 is acknowledged. The traversal is on the ground(s) that the inventions are not distinct as the Groups are related to the same general concept. This is not found persuasive because the general concepts contain particular limitations that require additional search areas that place an extra burden upon the Examiner.

The requirement is still deemed proper and is therefore made FINAL.

2. Claims 8-21 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim.

### ***Claim Rejections - 35 USC § 103***

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

4. Claims 1-7 and 22 are rejected under 35 U.S.C. 103(a) as being unpatentable over Virgin et al., US 6,826,542.

Virgin discloses a network where an invoicing system, e.g. 105, 115, allowing users to access the system depending upon permission level. Virgin does not explicitly use the terms associating a first/second permission level to a first/second user. To have provided a either one of a first or second user on a basis of their associated permission level to process an invoice over a network for Virgin would have been obvious to one of ordinary skill in the art. The motivation for having provided such would have been using common knowledge access privileges with the access privileges disclosed by Virgin.
